**Предмет: Материјали за Билтенот за објавување на веб-страницата на УКИМ**

Согласно член 132, став 5 од Законот за високото образование („Сл. весник на РМ” бр. 35/2008, 103/2008, 26/2009, 83/2009, 115/2010, 17/2011, 51/2011 и 123/2012), на веб-страницата на Универзитетот „Св. Кирил и Методиј” во Скопје, од бројот 1059 од 15 август 2013 година, ќе се објавуваат рефератите за избор во наставно-научни, научни и соработнички звања, рецензиите за подобност на темата и оспособеноста на кандидатот за вршење научна работа, прегледите на одобрените докторски дисертации, прифатените магистерски и специјалистички теми, рецензиите на учебници и учебни помагала, како и рефератите за доделување на звањето почесен професор и титулата почесен доктор на Универзитетот „Св. Кирил и Методиј”. По објавување на материјалите на веб-страницата, факултетите и институтите за своите потреби, истите треба да ги отпечатат во материјална форма за да можат да ги достават на членовите на наставно-научниот, односно научниот совет. Поради тоа, потребно е сите материјали што се предвидени за објавување во Билтенот на Универзитетот, благовремено да ги доставувате во **електронска форма**.

Поради усогласеност и униформност на текстовите потребно е материјалите за објавување да се доставуваат како Microsoft Word 2003 документи во кои исклучиво ќе се користи системскиот фонт **Georgia**. Овој фонт содржи богато множество на кирилични (македонски, српски, руски), латинични (со различни видови на надредени знаци), грчки и други знаци. Варијанта на овој фонт со корегирани знаци во италијанскиот формат за македонските букви ‘**ђ**’, ‘**п**’, ‘**т**’, ‘**џ**’ може да се добие во компјутерскиот центар на УКИМ на барање на факултетот. Исто така, таму може да се добие софтверско решение со кое може да се испрограмира тастатурата на персонален сметач кога работи под Windows XP оперативниот систем при притискање на копчето ‘`’ во македонска поддршка да се добие знакот ‘**ѐ**’, а при притискање на копчето ‘~’ во македонска поддршка да се добие знакот ‘**ѝ**’.

Поради запазување на роковите за објавување на материјалите во Билтенот, но и на веб-страницата, ве молиме, рефератите откако ќе бидат лекторирани, да ја доставите оригиналната верзија (лекторирана со потписите), а електронската верзија да ја доставите на e-mail адресата: [t.basevski@ukim.edu.mk](mailto:t.basevski@ukim.edu.mk) (so mali bukvi).

Неблаговремено доставените материјали и оние кои нема да бидат напишани согласно упатството нема да бидат објавени во тој број, туку ќе бидат поместени за објавување во наредниот број од Билтенот, односно откако ќе ја добиеме бараната верзија.

Ви благодариме за соработката.

Со почит,

**Проректор**

**Проф. д-р Коле Василевски**

**МАШИНСКИ ФАКУЛТЕТ**

1. Реферат за избор на асистент-докторанд во научната област производно машинство при Институтот за производно инженерство и менаџмент на Машинскиот факултет во Скопје (**м-р Огнен Тутески**).....5-9

**МЕДИЦИНСКИ ФАКУЛТЕТ**

1. Реферат за избор на три наставници во сите наставно-научни звања по предметот гинекологија и акушерство на Медицинскиот факултет во Скопје – **англиска верзија (ас. д-р Горан Димитровски, помл. ас. д-р Марија Хаџи Лега, д-р Глигор Тофоски)**.....10-69

## **РЕФЕРАТ**

### **ЗА ИЗБОР НА АСИСТЕНТ-ДОКТОРАНД ВО НАУЧНАТА ОБЛАСТ ПРОИЗВОДНО МАШИНСТВО ПРИ ИНСТИТУТОТ ЗА ПРОИЗВОДНО ИНЖЕНЕРСТВО И МЕНАЏМЕНТ НА МАШИНСКИОТ ФАКУЛТЕТ ВО СКОПЈЕ**

Врз основа на конкурсот на Универзитетот „Св. Кирил и Методиј“ во Скопје, Машински факултет - Скопје, објавен во весниците „Утрински Весник“, „Вест“ и „Коха“ на 28.10.2015 година, за избор на еден асистент - докторанд во научната област производно машинство при Институтот за производно инженерство и менаџмент, и врз основа на Одлуката на Наставно-научниот совет, бр. 02-2756/2, донесена на 17.11.2015, формирана е Рецензентска комисија во состав: д-р Атанас Кочов, редовен професор на Машинскиот факултет во Скопје, д-р Јасмина Чалоска, редовен професор на Машинскиот факултет во Скопје и д-р Љубен Дудески, редовен професор на Машинскиот факултет во Скопје.

Како членови на Рецензентската комисија, врз база на доставената документација, до Наставно-научниот совет на Машинскиот факултет во Скопје го поднесуваме следниов

### **ИЗВЕШТАЈ**

На објавениот конкурс за избор на еден асистент - докторанд во научната област производно машинство при Институтот за производно инженерство и менаџмент, во предвидениот ро

#### **I. БИОГРАФСКИ ПОДАТОЦИ**

Кандидатот м-р Огнен Тутески е роден на 19.7.1989 година во Прилеп, Р. Македонија. Средно образование завршил во гимназијата „Мирче Ацев“ во Прилеп со континуиран одличен успех. На Машинскиот факултет во Скопје се запишал во академската 2008/2009 година на студиската програма Производно инженерство. Студиите ги завршил во предвидените рокови (240 ЕКТС) со просечен успех 10,00. Дипломскиот труд го одбрал на 7.9.2012 година и се стекнал со стручен назив: дипломиран универзитетски инженер по машинство.

За време на студиите на прв циклус, како резултат на високиот успех и постигнатите резултати, м-р Огнен Тутески бил добитник на повеќе награди, пофалници и признанија меѓу кои и:

- **ПОФАЛНИЦА** за најдобар студент, кој во текот на студиите од првата студиска година (академска 2008/09) постигнал одличен успех (10,00).
- **ПОФАЛНИЦА** за најдобар дипломиран студент, кој во текот на додипломските академски студии постигнал одличен успех (10,00).
- **ДИПЛОМСКА НАГРАДА** од Фондацијата „Проф. д-р Димитар СТАМБОЛИЕВ“ за најдобар дипломиран студент во редовен рок, со највисок успех 10,00.
- **ПОФАЛНИЦА** од Универзитетот „Св. Кирил и Методиј“ во Скопје, за најдобар студент кој во академската 2011/12 година дипломирал со највисок среден успех (10,00) во рамките на редовните рокови утврдени со Статутот на УКИМ.
- **ПРИЗНАНИЕ ИНЖЕНЕРСКИ ПРСТЕН** за најдобар дипломиран студент на Машинскиот факултет во Скопје за академската 2011/2012 година.

Во академската 2012/2013 се запишал на втор циклус студии на Машинскиот факултет, „Универзитет Св. Кирил и Методиј“ - Скопје. Студиите ги завршил на студиската програма производно инженерство (60 ЕКТС) со просечен успех 10,00. Магистерскиот труд под наслов „Интегриран систем за автоматско генерирање на геометрија на алат за вбригување пластични маси“ го одбрал на 8.7.2014 година и се стекнал со научен назив: магистер по технички науки од областа на машинството.

Во академската 2014/2015 година се запишал на трет циклус - докторски студии на студиската програма машинство, Машински факултет, „Универзитет Св. Кирил и Методиј“ - Скопје. Моментално е на втора студиска година од докторските студии и ги реализира предвидените обврски согласно со наставната програма.

Кандидатот м-р Огнен Тутески континуирано продолжил да ги надградува и проширува своите знаења од областа на производното машинство, како резултат на што се стекнал и со неколку професионални сертификати, и тоа:

- **SOLIDWORKS Mechanical Design – Professional**
- **SOLIDWORKS Advanced Sheet Metal – Professional**
- **SOLIDWORKS Advanced Mold Tools – Professional**
- **SOLIDWORKS Advanced Drawing Tools – Professional**

М-р Огнен Тутески активно го познава англискиот јазик (Cambridge ESOL Level 3 Certificate in ESOL International (Level C2)) а солидно се користи и со германскиот јазик. Исто така, кандидатот поседува компјутерски вештини и има одлични понавања од:

- Microsoft Office (Word, Excel, Power Point)

- SolidWorks
- AutoCAD
- Autodesk Inventor

## II. НАСТАВНО-ОБРАЗОВНА ДЕЈНОСТ

Од академската 2009/2010 година, м-р Огнен Тутески е ангажиран како демонстратор, односно помошник-соработник во реализирањето на практичната настава за група наставни дисциплини на Институтот за механика и Институтот за производно инженерство и менаџмент и тоа: јакост 1, динамика, осцилации и механизми, САЕ, компјутерско моделирање на алати за пластични маси, конструкција и експлоатација на металорезачки машини, производни технологии, производни технологии со обликување, машинска обработка и производни системи, технологија на брзи прототипови модели и алати, 3Д-инженерство, компјутерско моделирање на процеси со обликување, алати за пластична деформација.

Од академската 2015/2016 е ангажиран и како координатор за ЕКТС на Машинскиот факултет.

## III. НАУЧНОИСТРАЖУВАЧКА РАБОТА

Кандидатот м-р Огнен Тутески за рецензирање достави 2 труда:

1. Atanas, Kocov, **Ogнен Тутески**, Zoran Spiroski (2014): Analysis of the Geometrical Parameters and Factors which Define the Complexity and the Form of the Mold. Journal for Technology of Plasticity, Vol. 39 (2014), Number 2. p. 25 - 34.
2. Atanas, Kocov, Zoran Spiroski, **Ogнен Тутески** (2015): Expert System for Mold Quotation. Journal for Technology of Plasticity, Vol. 40 (2015), Number 1. p. 33 - 46.

### Анализа на трудовите:

1. Во овој труд е прикажан метод, кој земајќи ја предвид геометријата на еден пластичен дел детерминира фактори на комплексност за одделните алатни сегменти кои го дефинираат гнездото на алатот за инјекционо вбризување. Имплементацијата на овој пристап дава можност за развивање на математичка зависност помеѓу геометријата на пластичниот дел и времето неопходно за

изработка на алатот за инјекционо вбригување, сè со цел добивање на прецизна проценка за целокупните трошоци поврзани со неговото производство.

2. Овој труд дава преглед на компјутерски потпомогнат експертски систем за калкулација на времето за изработка и цената на чинење на алати за инјекционо вбригување. Во него е прикажана структурата на еден ваков систем базиран врз систематизирано знаење, како и опциите на бета-верзијата на софтверот во кој се имплементирани функциите неопходни за подготовка на понуди за изработка на секој одделен систем на еден алат за инјекционо вбригување.

## ЗАКЛУЧОК И ПРЕДЛОГ

Врз основа на доставената документација, како и личното познавање на кандидатот, Рецензентската комисија смета дека станува збор за исклучително квалитетна и одговорна личност. М-р Огнен Тутески, во текот на целокупната едукација на Машинскиот факултет во Скопје (прв и втор циклус на студии), континуирано покажува висок успех во студиите, кои ги завршува со највисока просечна оценка - 10,00. Како резултат на тоа е добитник на повеќе награди, пофалници и признанија. Моментално е студент на трет циклус - докторски студии на студиската програма машинство (втора година) и со успех ги реализира предвидените обврски согласно со наставната програма.

Напоредно со тоа, тој веќе неколку години е вклучен во наставно-образовниот процес како демонстратор, односно помошник за реализирање на практичната настава за група наставни дисциплини на Институтот за механика и Институтот за производно инженерство и менаџмент. Во реализирањето на своите обврски, м-р Огнен Тутески покажува висок степен на одговорност, исполнителност и професионалност, што укажува на голем потенцијал да се профилира во квалитетен млад кадар на Машинскиот факултет. Моментално е ангажиран и како координатор за ЕКТС на Машинскиот факултет.

Врз основа на гореизнесеното, Комисијата има чест и задоволство да му предложи на Наставно-научниот совет на Машинскиот факултет во Скопје, м-р Огнен Тутески да биде избран за **асистент-докторанд** во научната област Производно машинство.

**Рецензентска комисија**

Д-р Атанас Кочов, редовен професор с.р.

Д-р Јасмина Чалоска, редовен професор с.р.

Д-р Љубен Дудески, редовен професор с.р.

## **REPORT ON**

### **SELECTION OF THREE PROFESSORS IN ALL ACADEMIC AND SCIENTIFIC TITLES FOR THE SUBJECTS GYNECOLOGY AND OBSTETRICS ON THE MEDICAL FACULTY IN SKOPJE**

Based on the competition at the University, St. Cyril and Methodius "Faculty of Medicine, published in the newspaper "Utrinski Vesnik,, ,, Dnevnik "and ,, Koha" on 03.10.2015, the election

of three professors in all academic and scientific titles in the subject Gynecology and Obstetrics based on the decision of the teaching council no. 02-5108 /30 taken on the XIII regular meeting held on 10.11.2015, the established review committee consisted of Prof. Dr. Vesna Kesic, prof. Dr. Slavjanka Popovska, Professor. Dr. Zlatan Dzikov, PhD. Dr Betty Zafirova Ivanovska and Assoc. Dr. Oliver Stankov.

As members of the review committee, after a review of the submitted documentation we submit the following:

## **REPORT**

On the announced competition for election of three professors in all educational and scientific vocations of the course in gynecology and obstetrics, within this deadline As. Dr. Goran Dimitrov, as. Dr. Marija Hadzi Lega and Dr. Gligor Tofoski have applied.

I. Teach.Asist. Dr Goran Dimitrov

### **1. BIOGRAPHICAL INFORMATION AND EDUCATION**

The candidate Dr. Dimitrov Goran was born on 05.06.1963 in Kocani. He completed secondary education in Skopje. He achieved higher education at the Medical Faculty in Skopje and graduated on 18.03.1989 with average mark 9.19.

The candidate speaks fluent English, Spanish and German language.

In the period from 1997 to 1998 he enrolled the second cycle (Master's) studies at the Medical Faculty in Skopje. The candidate completed the studies with average mark 9.99. On 20.11.2002 he presented the master thesis on the topic: Epidemiological risk factors in on cervical neoplasia appearance (CIN).

He presented the doctoral dissertation on the topic: Postoperative risk of the cancer precursor lesions in the throat uterine, presented on 07.10.2014, in the presence of the Commission: 1. Prof. Dr Slavejko Sapunov 2. Prof. Dr Jorgo Babushku, 3.Prof. Dr Neli Basheska 4. Prof. Dr Vesna Kesik and 5 Prof. Dr. Nikola Orovcaneć, thus obtaining the scientific degree Doctor of science from the scientific field of gynaecology and obstetrics.

In 1999 he was elected as an assistant on the Department of Gynaecology and Obstetrics at the Medical Faculty in Skopje from the scientific field of gynaecology and obstetrics.

At the moment he is an assistant at the Department of Gynaecology and Obstetrics. The last report for the election is published in Bulletin 938 in 2008.

The Commission took into consideration the total scientific, professional, pedagogical and other achievements of the candidate from the beginning of his career, published in the Bulletin no. 733/99; 823/03; 870/05 and 938/08, as well as the total scientific, professional, pedagogical and other achievements of the candidate from the last selection to the date of the application on the basis of the whole set of documentation that was provided which is of great importance for the election process.

## **2. SCIENTIFIC, PEDAGOGICAL AND OTHER ACHIEVEMENTS OF THE CANDIDATE IN THE PAST UNTILL THE DATE OF APPLICATION**

### **Teaching and educational activities**

As part of the teaching and educational activities on UKIM, Faculty of Medicine, the candidate Dr Goran Dimitrov performs practical trainings, exercises and consultations on the first cycle studies at the study program of General Medicine.

The candidate was a mentor on special papers publication.

### **Scientific and research activities**

Dr Goran Dimitrov has published a total of 132 scientific papers from the domain of Gynaecology - obstetrical area of which 3 research effort in scientific journals with impact factor (a factor of influence), 15 papers in international scientific journals, 69 papers in international scientific publications and 45 papers in scientific gatherings.

Dr Goran Dimitrov is the author and co-author on special chapters in books within the area of expertise.

### **Professional applicative activity and activity of a greater interest**

Dr Goran Dimitrov is being actively included in professional applicative working at the Clinic for gynaecology and obstetrics at division of Operational gynaecology 2 as Head of the Department.

He also participated in the introduction of the new public health methods in the field of health institutions (CO2 laser surgery in the genital lower tract) August 2002.

Professional upgrade abroad by a method of student residence up to 3 months in:

1. University La Sapienza, Policlinico Umberto Primo, First clinic for gynaecology and obstetrics Rome, Italy, 1993;
2. University Clinic for gynaecology and obstetrics, Mother's home - Sofia, Bulgaria, 1995;

3. University of La Laguna, Gynaecology - Obstetrics, Santa Cruz, Tenerife, Canary Islands, Spain, 1997;

4. University of Istanbul, Gynaecology - Obstetrics Capa, Istanbul, Turkey 2014 ,

**Stay abroad of 3 months:**

1. Georg August University, the University Gynaecology and Obstetrics Clinic, Göttingen, Germany, 2000.

The individual activity the candidate portrays in the activities of a greater interest. He is being very proactive within the expert committees.

He is also member of the Commission for preparation of the Action Plan for cervical screening among women in the Republic of Macedonia, br.08-15092 / 1 on 13.10.2008, the Ministry of Health of the RM.

**Participation in expert bodies of the Associations:**

1. President of the MMA
2. President of the Society for HPV
3. General Secretary of the MAGO
4. General Secretary MACPC.

**Evaluation of self-evaluation**

As a candidate Dr Goran Dimitrov, scored positive assessment of the conducted anonymous survey of students at the Medical Faculty (2011/2012 winter semester grade 5, 2011/12 summer semester grade 5, 2012/13 winter semester grade 5, 2014 winter semester achieved 8, 44, 2014, the summer semester 9.94 and for this year, the winter semester mark is 9.99)

**APPLICATION FORM**

**TO THE REPORT FOR ACADEMIC-SCIENTIFIC, ACADEMIC-  
PROFESSIONAL AND ASSOCIATE TITLE**

**Candidate: Goran Dimitar Dimitrov**  
**(name, father's name and surname)**

**Institution: Medical faculty, Skopje, University Sts. ‘Cyrillus and  
Methodius’, Skopje**

**University Clinic for Gynecology and Obstetrics, Skopje**  
**(назив на факултетот/институтот)**

## Scientific field: Gynecology and Obstetrics

**II Marija Hadzi Lega**

**1. Biography and education**

The candidate dr Marija Hadzi Lega was born on 12.05.1973 in Stip. Finished highschool in Stip in 1991. During her primary and secondary school she was the best student in her generation. She won many prizes in both the republic and in the federation (Yugoslavia) in the field of chemistry, biology and mathematics. She received her medical degree at the Medical faculty in Skopje (1991-1997). Graduated in 1997 with an average grade of 9,7.

The candidate is fluent in English, Serbian and Croatian

In the year 2011/2012 she entered the program for subspecialization in Perinatology at the medical university in Skopje and finished it in 2014. She received the title Subspecialist in Perinatology.

In the year 2010/2011 she enrolled in the third cycle (doctoral) studies at the Medical University in Nis, Republic of Serbia in the study program medicine with 180 (one hundred and eighty) credits. She finished her doctoral studies in November 2014 with an average grade of 9,94.

Topic of dissertation : **“Evaluation of biophysical ,biochemical and microbiological parameters in the prediction of preterm delivery”** she defended the topic on 19.11.2015 in front of a commission of:

Prof d-r Jasmina Popovic ,president

Prof d-r Gordana Kocic, member

Prof d-r Gordana Rangelovic, member

Prof d-r Milan Stefanovic, member and mentor

Doc d-r Dejan Filomonovic, Medical faculty Belgrade

With this she received the scientific degree doctor of science in the scientific field of Gynecology and Obstetrics (Perinatology).

On the 07.10.2003 she was chosen as a younger assistant in the chamber for Gynecology and Obstetrics. She was again re chosen on the 22.05.2007.

The last document stating the choice was published in "Bulletin" num 920 on the 15.05.2007.

The recension commission had in mind all the scientific ,academic ,pedagogy and other achievements by the candidate from the beginning of her career in "Bulletin"/"bulletins" num 804 and 920, as well as all the scientific ,academic ,pedagogy and other accomplishments by the candidate since her last election until the day of applying ,based on all the submitted documentation which is of value for the election.

2. Scientific, academic, pedagogy and other accomplishments of the candidate since her last choice until the day of the application

#### Scientific –educational work

The Candidate d-r Marija Hadzi Lega manages practical studies (education) in the first cycle of the study program General medicine at the University SS Cyril and Methodij Skopje

#### Scientific research work/Academic work

D-r Marija Hadzi lega has published 58 scientific works in the field Of Gynecology and Obstetrics, 6 works with original scientific results published in a magazine with an international editorial board from who 2 with works in scientific magazines with an impact factor, 7 works scientific/academic results published in a book of works of scientific/academic gathering with international editorial board, 6 works with original scientific and academic results published in a book of works of scientific/academic gathering with international editorial board, 28 abstracts published at international conferences and 14 posters with participation in a scientific gathering. She was a national coordinator in 1 international scientific project.

#### **Academic-applicative work and work of public interest**

D-r Marija Hadzi Lega actively works and contributes at the department of Pathologic and High-risk pregnancy as chief of the department. She does academic expertise in the outpatient clinic for fetal screenings and supervision. From August 2012 she was appointed as Director of the University Clinic for Gynecology and obstetrics.

D-r Marija Hadzi Lega is a representative from Macedoina in the Society of perinatal medicine in South Eastern Europe. She is also a scientific member of the same society. She is a managing member of the Macedonian society of perinatal medicine.

D-r Marija Hadzi Lega is an independent expert in the European commission for European exploring and innovation.

The candidate d-r Marija Hadzi Lega has done expertise activities in the field of reproductive health, upgrading of maternal health through many activities in WHO (Beyond the numbers), development of an action plan for safe motherhood.

Academic visits abroad and study stay in top medical centers in field of perinatology

1. School for maternal and fetal health , Salzburg ,Austria 2008
2. Academic stay at the department for prenatal diagnostic in Burlo Garfolo Hospital, Trieste, Italy and acquisition of a diploma for advanced level of ultrasound diagnostic.
3. Academic stay in Haris Birthright Research Center, King's College Hospital, Fetal medicine foundation, London 2011.
4. Royal Brompton Hospital ,ISUOG, London certificate for prenatal diagnosis of heart anomalies.
5. Academic stay in Haris Birthright Research Center, King's College Hospital, Fetal medicine foundation, London advanced fetal echocardiography ,December 2014.
6. School for reproductive medicine, Salzburg, Austria
7. Stay in St.Mary Hospital, Fukuoka, Japan –Training Course in Hospital Management by the Japan International Cooperation Agency under International Cooperation Program of the Government of Japan, January /February 2015.

The candidate is especially active in work of public interest. Actively participating in the work of academic chambers and work groups:

- Committee for safe motherhood, ministry of health, Republic of Macedonia 2012.
  - President of the committee for assisted reproduction in Fund for Health insurance 2014
  - Secondary chamber for pregnancy termination
  - Chamber for quality control at the University Clinic for Gynecology and Obstetrics
  - Ethical chamber at the University Clinic for Gynecology and Obstetrics
- In the election period , d-r Marija Hadzi Lega participated in the preparation and application for a scientific project for preterm delivery.

#### **Grade from self-evaluation**

The candidate d-r Marija hadzi Lega in the period 2011/2012(summer term) was evaluated with a grade of 4,74, 2012/2013 ( winter term) grade 4,2, 2012/2013 ( summer term) 8,46 ,2013/2014 (winter term) 7,71 , 2014/2015 (winter term) 8,65. The candidate also received a positive grade in an anonymous enquire by the students at the Medical faculty.

## APPLICATION FORM

TO THE REPORT FOR ACADEMIC-SCIENTIFIC, ACADEMIC-  
PROFESSIONAL AND ASSOCIATE TITLECandidate: **Marija Nikolce Hadzi Lega**

(name, father name and last name)

Institution: Medical Faculty, UCMS, Skopje, University Clinic for Gynecology and Obsterics

(name of university/institution)

Scientific area: Gynecology and Obstetrics

## TEACHING-EDUCATIONAL ACTIVITY

No.	Title of activity (teaching-educational):	Points

### **III. Dr. Gligor Tofoski**

#### **Background information and education**

Candidate Dr. Tofoski Gligor was born on 07.06.1972, in Skopje. He completed secondary education in Skopje in 1986. Higher education acquired at the Medical Faculty in Skopje on 07.10.1996 and graduated on 10.07.1998 year, with an average grade 9.60.

The candidate actively uses English, Serbian and Croatian language.

In the academic year 1998 he enrolled in the second cycle (master) studies on the Faculty of Medicine and completed the studies on 29.11.2008 with an average grade 10. On 29.11.2009 he presented his master thesis on "Comparative analysis of hysterosalpin geography and hysteroscopy in detection of intrauterine malformations.

His doctoral dissertation was presented on 22.12.2011 at the Medical Faculty in Skopje on the theme : "The impact of hysteroscopic metroplastics on reproductive outcome in patients with congenital malformations of the uterus" completed on 20.01.2015 in front of the Commission consisted of Prof. Dr. Slavejko Sapunov, Prof. Dr. Marjan Stojovski , Prof. Dr. Popovska Slavjanka, Prof. Dr. Vesna Antovska and Prof. Konstandina Korneti-Pekevski, thus obtained a doctoral degree in science from a scientific importance of the domain of gynecology and obstetrics.

On 01.06.2000 he was elected as an assistant professor of Medicine in the field of gynecology and obstetrics.

The review committee took into consideration the overall scientific, professional, pedagogical and other achievements of the candidate from the beginning of his career, published in the Bulletin number 742 and 834 as well as the total scientific, professional, pedagogical and other achievements of the candidate from the last election until the date of the application on the basis of all submitted documentation relevant to the selection.

On 01.06.2000 he was elected assistant professor of Medicine in the field of gynecology and obstetrics.

Scientific, professional, pedagogical and other achievements of the candidate in the last election to the date of application

#### **Teaching and educational activities**

Within the educational activity of UKIM, the candidate Dr. Tofoski Gligor performed and took (classes, tutorials, field work, etc.) within the first cycle of the study program on the Faculty of Medicine in Skopje.

The candidate is actively involved in the education of the trainees of the Department of Gynecology and Obstetrics and the Department of Family Medicine.

The candidate is the author of peer-reviewed handbook entitled "Handbook of counseling on sexual and reproductive health and a participant in classes and workshops in schools, where he worked as an lecturer at the 16 schools and workshops, and an active participant in 24 workshops in the field of medicine.

### **Scientific and research activities**

Dr. Gligor Tofoski has published 68 scientific papers in gynecology and obstetrics area out of which 4 scientific papers in journals with impact factor (impact factor), 7 papers in international journals, 24 papers in international scientific publications and 33 works in collections of scientific gatherings. Dr. Gligor Tofoski has held 7 plenary lectures on various scientific and professional domestic and among folk gatherings.

### **Professional and applied activities as well as activities of general interest**

Dr. Gligor Tofoski is actively involved in expert-applicative work of the University Clinic of Gynecology and Obstetrics, Department of Infertility and Assisted Reproduction. He actively participated in the introduction of two new methods: transfer of previously frozen human embryos and laparoscopic ovarian suspension.

Candidate Dr. Gligor Tofoski co-authored a book in the field of family planning, "Manual for training providers in the field of primary health care"; and co-author of the manual of filling obstetric history and the history of the newborn. He is the author of two booklets: "Standards for safe abortion" and "Medical abortion". He is also a coordinator in the preparation of curricula in family planning for family doctors. He also translated two books in the field of gynecology and obstetrics.

Candidate Dr. Gligor Tofoski achieved expert activities as part of a team in order to evaluate emergency obstetric and neonatal care in maternity hospitals in Macedonia, the evaluation team planning of the training of health workers on family planning, part of the commissions for expert supervision over the work of health facilities, and the preparation of a national strategy for dealing with sexual and reproductive health in times of crisis.

Vocational training abroad earned by study visits for up to 3 months: University Clinical Center in Geneva, Switzerland in 1999; University Clinical Center in Groningen, Netherlands, 2000, Thomas Jefferson University, Pennsylvania, USA, 2000.

The candidate shows particular interest of wide range of activities. He is actively involved in the work of expert committees and working groups at the Clinic of Gynecology and Obstetrics, such as the Commission on Accreditation of the University Clinic of Gynecology and Obstetrics,

the Working Group for review procedures of the DRG and the Working Group for the preparation of the State Center reproductive health.

Dr. Gligor Tofoski is an accredited manager of internal auditor for ISO 9001 quality standards, and authorized external evaluator of the Agency for Quality and Accreditation of Health Institutions in Macedonia. He is also member of the Commission of the Medical Chamber as an accredited examiner for the period 2014-2016.

Dr. Tofoski Gligor is also a member of the editorial board of two scientific journals and editor of the Proceedings of the 3 Congresses of Obstetricians and Gynecologists of Macedonia. Member of the Organizing Committee of the Congress of Obstetricians and Gynecologists (1998, 2003 and 2013), the organizing committee of the Congress of Southeast European Medical Forum and the International Scientific Congress on SSMM.

He received the Diploma of Gratitude and Macedonian Medical Association.

### **Rating of self-evaluation**

At the time when the candidate performed exercises there was no anonymous conducting survey for evaluation by the students of the Medical Faculty.

## **APPLICATION FORM**

### **TO THE REPORT FOR ACADEMIC-SCIENTIFIC, ACADEMIC- PROFESSIONAL AND ASSOCIATE TITLE**

**Candidate: Gligor Jovan Tofoski**

**Institution : Medical faculty, University "St.Cyril and Methodius"- Skopje, PHI University  
Clinic of Obstetrics and Gynecology**

**Scientific field: *GYNECOLOGY AND OBSTETRICS***
